WATERMELON

Health and Learning Success Go Hand-in-Hand

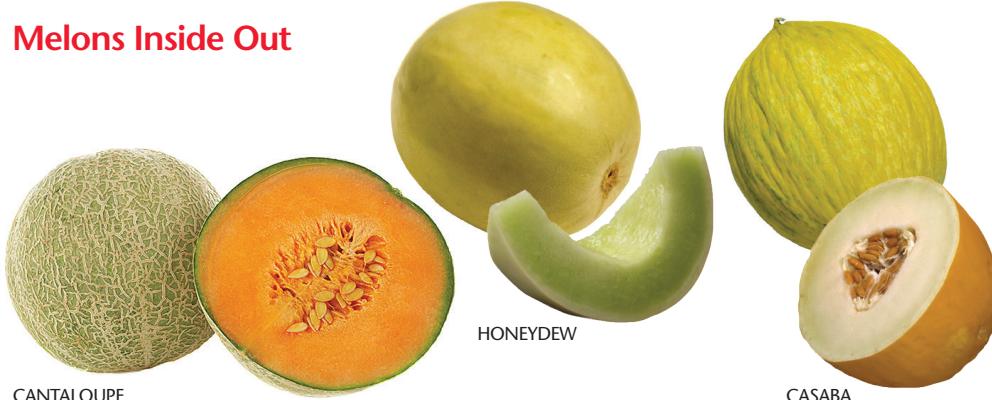

Farmers' markets offer a colorful variety of fresh fruits and vegetables at low prices. Eating fruits and vegetables every day can give your family the nutrients they need to grow strong and build healthy bodies and minds. *Harvest of the Month* can help your family learn how to eat healthy and be physically active every day.

BE AN ACTIVE FAMILY!

Include work around the house. Involve the kids in yard work and other active chores around the house. Have them help you with raking, weeding, planting, or vacuuming.

Melons Inside Out

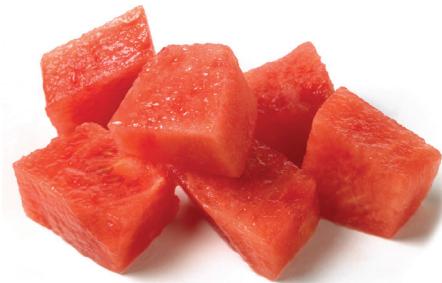

CANTALOUE

HONEYDEW

CASABA

Healthy Serving Ideas

- Slice and eat melons as a snack or side dish at meals.
- Serve sliced or chopped melons with lowfat yogurt or cottage cheese.
- Scoop fruit into melon balls.
- Freeze melon balls and enjoy as cold snacks on hot days.
- Blend lowfat yogurt, chopped melon, frozen strawberries, and a banana. Pour into cups and serve.

Home Grown Facts

- Watermelon is the most popular melon in the United States, followed by cantaloupe and honeydew. Melons come in a variety of colors and flavors. Melons grow on vines in sandy soil in the coastal plain of eastern North Carolina or in the northeastern region of the state.
- Watermelons come in many different sizes and aren't always red inside. Yellow and orange watermelons are generally sweeter than red-fleshed watermelon. Some have seeds and some do not. Watermelons can be anywhere from 1 pound to 25 pounds. Most watermelons are grown late June until August.
- Cantaloupes are also known as muskmelons because of their smell when they are ripe. Cantaloupes are available July to August.
- The Sprite melon is available from middle of June through September in eastern North Carolina. This unique melon has a fruity flavor that resembles a cross between a honeydew and pear. These small melons are only about 1–1.5 lbs.
- North Carolina is also host to different melon festivals during the summer.

Why Focus on Fruits and Vary My Veggies?

- Fruits and vegetables are an important part of a healthy, balanced diet.
- Melons contain vitamins A and C.
- Vitamin A helps keep your vision good, fight infections, and keep your skin healthy.
- Vitamin C helps your body heal cuts and wounds and helps lower your risk of infections.
- Melons are also a good source of carotenoids. These are antioxidants that may lower your risk for some diseases by keeping your body safe from free radicals. Free radicals can damage cells.
- Eat a variety of fruits and vegetables every day to get the nutrients you need to be healthy.

How Much Do I Need?

The amount of fruits and vegetables you need depends on your age, gender, and how active you are every day. Look at the chart at right to find out how many cups of fruits and vegetables you and your family need every day.

Recommended Daily Amount of Fruits and Vegetables*

	Kids, Ages 5–12	Teens and Adults, Ages 13 and up
Males	2½–5 cups per day	4½–6½ cups per day
Females	2½–5 cups per day	3½–5 cups per day

*If you are active, eat the higher number of cups per day. Visit www.choosemyplate.gov to learn more.

How Much Do I Need?

- A half cup of cantaloupe, casaba, or honeydew melon provides an excellent source* of vitamin C.
- A half cup of cantaloupe also provides an excellent source* of vitamin A.

*Excellent sources provide at least 20% Daily Value.

Produce Tips

- Choose cantaloupes with a sweet, fragrant smell and soft dent on stem. They should feel heavy for their size.
- Select honeydews, casabas, and watermelons that feel heavy for size and sound hollow when tapped on rind.
- Avoid melons with shriveled, punctured, or cracked rinds.
- Store ripe, whole melons on the counter or in the refrigerator for up to two days.
- Refrigerate cut melons in sealed container. Use within three days.

More Melons Each Day

- Try a bowl of sliced honeydew and cantaloupe for a cool and **colorful snack**.
- Blend seedless watermelon and freeze in ice cube trays. Add frozen watermelon cubes to sparkling water for a **refreshing drink**.
- Make melon **kabobs** with cubed cantaloupe, honeydew, and watermelon. You can also add in berries for extra color!

ACTIVE ADULTS

If you are just starting physical activity, build up slowly. This will help to prevent injury. After a few weeks, increase how often and how long you are active.

This material is adapted from Harvest of the Month produced by the California Department of Public Health, Network for a Healthy California. The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the bases of race, color, national origin, age, disability, sex, gender identity, religion, reprisal and, where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or if all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.)

If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 609-7442 or email at program.intake@usda.gov.

Individuals who are deaf, hard of hearing, or have speech disabilities and wish to file either an EEO or program complaint please contact USDA through the Federal Relay Service at (800) 877-8339 or (800) 845-6136 (in Spanish).

Persons with disabilities who wish to file a program complaint, please see information above on how to contact us by mail directly or by email. If you require alternative means of communication for program information (e.g., Braille, large print, audiotape, etc.) please contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

USDA is an equal opportunity provider and employer.
