Teacher Roles for Promoting Success

- Take attendance and remain in the classroom each lesson.
- Encourage participation and good behavior.
- Assist as needed in distributing taste tests.
- Note changes in student eating and physical activity on the Teacher Feedback Form.
- Engage students in the Classroom Connection activities.
- Provide class time to support student writing and garden activities/responsibilities.
- Inform the Educator of food allergies or other situations that may impact the learning environment.

4th Grade Educator Responsibilities

- Teach nine 45-minute interactive lessons.
- Provide parent handouts.
- Provide a taste test for each lesson.
- Provide students with educational reinforcement materials.
- Model positive eating and physical activity.
- Facilitate in-classroom learning with the garden.
