Session 7:

Session 8:

Make-up Dates:

## Ways to Promote Success

- Inform the Educator of food allergies or other situations that may impact the learning environment.
- Encourage participation and good behavior.
- Model positive eating and physical activity.
- Remain in classroom during lessons.
- Assist as needed.
- Report changes in participants' eating and physical activity on the Instructor Feedback Form.

## Kids Club Steps to Health Educator Responsibilities

- Teach eight 20- to 30-minute lessons.
- Model positive eating and physical activity.
- Provide participants with educational reinforcement materials.
- Provide parent handouts.
